Tasting Notes

The growing conditions of the 2010 season produced wines of great intensity and flavour. The wine displays aromas of ripe tropical fruits and lovely honey musk overtones. The palate is generous, rich and full of these tropical fruit flavours whilst retaining a crisp fresh finish.

Winemaking

The grapes were harvested mid January when fruit flavour was optimal. The wine had limited skin contact and left for 24 hours to settle off lees before being fermented in stainless steel tanks. Fermentation took 3 weeks and the wine was kept at a temperature between 12 and 14 degrees. This wine was bottled early to retain primary fruit characters.

RRP - \$16.00
